

Shadow Side is that magic combination of players coming together to serve up an ever changing list of Classic Rock, Americana and Outlaw Country.

Sean Sweeney plays some of the sweetest bass licks around and it just gets better when he adds his country voice on top.

Bruce Jackson has a rich history of rockin' and rollin' and you'll know that the minute you hear his killer guitar and great vocals.

Steve Gray has played in a number in local bands over the years and now he rocks it for you with this band of musical wizards.
